Master Agreement
for The
Northwest
One-Call Subsurface Warning System**

This Agreement, dated as of **January, 5 2012**, amends and restates in its entirety the Master Agreement for the Northwest One-Call Subsurface Warning System, dated as of August 1, 1986. The Parties on the date of this Agreement are identified in the list that is set forth (or obtained in the manner specified) in the attached *Exhibit A*.

Recitals

A. Each Party owns, operates or conducts activities affecting subsurface utility facilities (including, but not necessarily limited to, any electric, gas, telephone, water, sewer, cable television or communications distribution system).

B. Each Party desires to protect its subsurface utility facilities from damage, interruption or interference by anyone who intends to excavate, drill, blast or perform other work that might disturb the surface or subsurface of the earth.

C. In order to help protect their respective subsurface utility facilities, the Parties have established a one-call location service by which anyone who intends to dig, excavate, drill, blast or perform other work that might disturb the surface or subsurface of the earth where subsurface utility facilities are located may call a single telephone number to notify the Parties that may be affected by the proposed work and seek such Parties' assistance in locating their respective subsurface utility facilities.

D. The Parties desire to develop formal procedures for the creation of a committee to administer this Agreement and the contract between the committee and a third-party contractor who shall perform the one-call location service for the benefit of the Parties.

Agreement

The Parties therefore agree as follows:

Section 1. Definitions

1.1 Specified Definitions

(c) a statement of the number of votes that each Party in the Utility Group is entitled to cast in the election; and

(d) a statement of the date determined by the Committee as the due date by which completed ballots must be received by the Committee.

3.4.4 The candidate receiving a majority of the votes cast by Parties in the Utility Group shall be elected as the Committee member for such Utility Group effective as of the date when the Committee notifies the applicable Utility Group of the results of the election. If no candidate receives a majority of the votes cast, then the Committee shall conduct another special election for the applicable Committee member position, but only those two (2) candidates receiving the most votes in the prior special election under this Section 3.4 shall be candidates in the special election.

3.5 Term of Committee Members

3.5.1 The term of any Committee member elected pursuant to Section 3.3 or 3.4 shall commence on the effective date of his or her election.

(b) the term of each Committee member elected pursuant to Section 3.3 that commences as of any given Annual Meeting shall expire at the third Annual Meeting after the commencement of his or her term; and

(c) the term of each Committee member elected pursuant to Section 3.4 (excluding any special election under Section 3.4.1(a) arising out of a regular election) shall expire upon the expiration of the remaining balance of the term of any such Committee member's predecessor.

3.5.3 In the event a special election is conducted pursuant to Section 3.3.4 to elect a successor for a Committee member whose term would otherwise expire under Section 3.5.2, the term of such Committee member shall be extended pending completion of the special election and shall expire on the commencement date of the term of his or her successor.

3.5.4 The term of any Committee member shall terminate prior to the expiration of his or her term pursuant to Section 3.5.2 upon the occurrence of any of the following events:

3.6 Committee Meetings

3.6.1 The Committee shall have regular meetings as determined by the Committee, but not less than once in each calendar quarter. The Committee shall give all Parties reasonable advance written notice of the time and place of its regular meetings (e.g., by publication of the schedule for regular meetings in a newsletter, on a website accessible to all Parties or in other materials distributed to all Parties).

3.6.2 The Committee shall have special meetings as determined by the Committee. Further, any two (2) or more Committee members may call a special meeting of the Committee by giving all other Committee members notice thereof at least five (5) business days in advance of the meeting. The Committee shall use reasonable efforts to give all Parties reasonable advance notice of any special meetings of the Committee whenever practicable in the circumstances, taking into account the time permitted, costs of the notice, the agenda of the meeting and other pertinent factors.

3.6.3 The Committee shall, at the direction of the Committee Chair, schedule and hold an annual training meeting either separate from or in conjunction with one of the regular meetings of the Committee. The training meetings may include, without limitation, required annual training and continuing education training for Committee members and their designated alternates.

3.6.4 All meetings of the Committee shall be held at the One-Call Office or at such other place as may be determined by the Committee. Presence at a meeting by the Committee member or such member's designated alternate shall constitute a waiver by that Committee member of notice of the meeting and any objection to the place of the meeting.

3.6.5 Minutes shall be kept of each Committee meeting and provided to all Committee members. Each Party shall have access to the minutes of any Committee meeting and the right to examine and copy the same at its own expense during normal business hours at the One-Call Office upon reasonable advance notice to the Committee.

3.6.6 Any Party may attend and observe any Committee meeting.

3.7 Manner of Acting by the Committee

3.7.1 The Committee may act by adoption pursuant to vote taken at a meeting of the Committee in accordance with Section 3.7.2 or by written instrument signed by all of the Committee members.

3.7.2 On each matter put to a vote of the Committee, each Committee member shall be entitled to cast one (1) vote. Any matter put to a vote of the Committee shall be deemed adopted by the Committee upon receiving the affirmative vote of a majority of the total number of Committee members present, except as otherwise specified in this Agreement and except that all of the following shall require the affirmative vote of at least two-thirds of the total number of Committee members for adoption:

Subject to the procedures outlined in Section 7, the Committee may at any time change the charges effective for the Service provided during any Fiscal Period.

4.2 Charges Based on Common Costs

All revenues received from charges for use of the Service shall be applied toward payment of the Common Costs. At least ninety (90) days prior to the commencement of each Fiscal Period, the Committee shall approve a budget of the estimated Common Costs to be incurred to provide the Service during such Fiscal Period. For each Fiscal Period, the Committee shall endeavor to establish charges designed to produce revenues sufficient to pay all of the Common Costs for such Fiscal Period.

4.3 Common Costs in Excess of Revenues

If, at the close of any Fiscal Period, the Common Costs exceed the revenues received from charges for the Parties' use of the Service, the Committee may:

- (a) pay the excess during the next or succeeding Fiscal Periods (e.g., through charges for use of the Service in such later Fiscal Periods);

(b) impose and collect from each Party a one-time surcharge equal to the total excess amount multiplied by a fraction, the numerator of which is the total charges properly payable by such Party for use of the Service during the relevant Fiscal Period and the denominator of which is the total charges properly payable by all Parties for use of the Service during the same Fiscal Period; or

(c) pay the excess out of any outstanding reserves or excess revenues from prior Fiscal Periods.

Any surcharge under (b) above shall not constitute or be deemed to constitute a change in the charges under Section 4.1 and shall not be subject to the procedures set forth in Section 7. Each Party shall pay such surcharge within sixty (60) days after the date of the invoice therefor or such larger period of time as may be specified by the Committee.

4.4 Bank Accounts

All revenues received on account of the Service shall be deposited in such bank account or accounts at such bank or banks as shall be selected from time to time by the Committee. All drafts, checks, bills and cash which may from time to time be received on account of the Service shall be deposited immediately in such account or accounts in the same form in which they are received.

4.5 Books and Records of Common Costs

The Committee shall provide for a complete and accurate set of books and records of the Common Costs. Such books and records shall be kept in accordance with generally accepted accounting practices applied in a consistent manner, correctly reflecting all transactions involving Common Costs. Unless otherwise directed by the Committee, such books and records shall be maintained on the cash basis. Such books and records shall be kept at the One-Call Office or such other location as may be specified by the Committee. Each Party shall have access to such books and records and the right to examine, copy and audit the same at its own expense during normal business hours upon reasonable advance notice to the Committee. The Committee shall cause such books and records to be audited not less frequently than annually by an independent certified public accountant selected by the Committee. The Committee shall provide each Party with certified financial statements for each Fiscal Period (including, but not necessarily limited to, a balance sheet and a statement of results for the Fiscal Period) promptly after the end of such Fiscal Period.

4.6 Other Committee Records

All other records of the Committee relating to this Agreement (including, but not limited to, copies of all written contracts with the Contractor or any other Person entered into by the Committee) shall be kept at the One-Call Office or such other location as may be specified by the Committee. Each Party shall have access to such records and

the right to examine, copy and audit the same at its own expense during normal business hours upon reasonable advance notice to the Committee.

Section 5. The Parties

5.1 Additional Parties

Any Person that owns or operates subsurface utility facilities (including, but not necessarily limited to, any electric, gas, telephone, water, cable television or communications distribution system) within the Service Area may become a Party upon execution of a Subscription Agreement and acceptance of such Subscription Agreement by the Committee. The Committee shall not unreasonably withhold or delay its acceptance of any Subscription Agreement tendered for acceptance.

5.2 Termination of Participation

5.2.1 Voluntary Withdrawal

Any Party may withdraw as a Party:

(a) effective upon the expiration of not less than one hundred twenty (120) days after such Party gives the Committee written notice of such withdrawal;

(b) effective as of the effective date of any increase in the charges payable by such Party for use of the Service made by the Committee pursuant to Section 4.1 (e.g., excluding any increase or surcharge pursuant to Section 4.3), provided that such Party gives the Committee written notice of the withdrawal at least forty-five (45) days prior to the effective date of the increase; or

(c) effective as of the effective date of any amendment of this Agreement made by the Committee pursuant to Section 9.4, provided that such Party gives the Committee written notice of such withdrawal prior to the expiration of thirty (30) days after the effective date of the amendment.

No withdrawal pursuant to this section shall relieve or release any Party from any of its obligations with respect to charges accrued, Common Costs incurred or any other liability accrued or incurred prior to the effective date of such withdrawal.

5.2.2 Other Termination

In the event of any material breach of or default under this Agreement (including, without limitation, any refusal or failure to pay when due any charges for use of the Service, any surcharge under Section 4.3 or any other amount payable under this Agreement) by any Party, the Committee may terminate such Party's participation in the Service and rights under this Agreement as follows:

(a) A Notice of Termination shall be sent to the Party by first-class mail, postage prepaid, and shall include (i) a statement outlining the reason(s) for such termination, (ii) the effective date of such termination, (iii) the action the Party must take to cure the stated breach or default, and (iv) notice of the Party's right to have the Committee review the Notice of Termination pursuant to Section 6.

(b) The actual termination of a Party's participation in the Service shall take place, if at all, not less than thirty (30) days after the Notice of Termination is placed in the mail addressed to such Party and only if the breach or default is not cured prior to the expiration of such thirty (30) day period.

(c) The Committee shall not be required to give the Party any warning or notice of the ordered termination other than the Notice of Termination.

(d) If the Party disputes any termination under this Section 5.2.2, the Party may submit the dispute for review and resolution under Section 6 by giving the Committee written notice thereof prior to the time and date termination is scheduled to occur, as specified in the Notice of Termination. If the Party timely disputes the termination, actual termination will be stayed pending completion of the procedures under Section 6.

Termination pursuant to this section shall not relieve or release any Party from any of its obligations with respect to charges accrued, Common Costs incurred or any other liability accrued or incurred prior to the effective date of such termination.

5.3 Utility Group Assignment

Each Party shall select and be assigned to one (1) Utility Group at the time of submittal and acceptance of its Subscription Agreement. *Exhibit A* lists (or specifies the means for obtaining a list of) the Parties on the date of this Agreement by Utility Group. Parties eligible to participate in multiple Utility Groups may be assigned to only one (1) Utility Group at any time. Such Parties may change their Utility Group assignment by giving written notice to the Committee; provided that such change shall be effective as of the next Annual Meeting falling at least forty-five (45) days after the Committee's receipt of the Party's written notice.

5.4 Annual Meeting

An annual meeting of the Parties shall be held on the third Friday in September of each year at 9:00 a.m. at the One-Call Office (or on such other date and at such other time or place as the Committee may direct) for the purpose of electing Committee members and transacting such other business as may properly come before the meeting. If the Committee directs a date, time or place for the annual meeting that is different from that set forth above, the Committee shall give all Parties at least ninety (90) days' advance notice of the date, time and place for the annual meeting (e.g., by publication

of the date, time and place for the annual meeting in a newsletter, on a website accessible to all Parties or in other materials distributed to all Parties).

Section 6. Dispute Resolution and Committee Review

6.1 Procedure for Dispute Resolution

Except as otherwise provided in Section 6.2, any controversy or dispute between the Parties, or any one or more of them, or between a Party and the Contractor arising under this Agreement and any request for Committee review of an issue or dispute that is specifically authorized under any provision of this Agreement or document adopted pursuant to this Agreement shall be heard and resolved by the Committee as follows:

(a) A Party seeking Committee review shall send a written Notice of Request for Committee Review to the Committee and to each Party involved in the issue, controversy or dispute (a "Participating Party"). Unless a shorter period of time is specified elsewhere in this Agreement or in any document adopted pursuant to this Agreement, such notice must be received by the Committee within ninety (90) days after the occurrence of the event(s) giving rise to the issue, controversy or dispute in question.

(b) The Notice of Request for Committee Review shall set forth in reasonable detail (i) the reason(s) for the request, (ii) the identity of each Participating Party, and (iii) any demand for a formal hearing before the Committee.

(c) Within fifteen (15) days after the Notice of Request for Committee Review is sent, each Participating Party (including the Party who initiated the review process) shall set forth in writing a statement of its position and submit such statement to the Committee and to each of the other Participating Parties, if any.

(d) Within fifteen (15) days after receipt of a Participating Party's statement of position, any other Participating Party may submit to the Committee and to each other Participating Party a written response to that statement.

(e) If demanded by the requesting Party in its Notice of Request for Committee Review, demanded by any other Participating Party in its position statement, or on the Committee's own initiative, a hearing will be held within thirty (30) days after the end of the fifteen (15) day response period set forth in section (d) above. In that event, the Committee shall send a Notice of Hearing to each Participating Party at least fifteen (15) days prior to the date of the scheduled hearing.

(f) At the hearing before the Committee, if any, each Participating Party shall be entitled to (i) present all relevant evidence, (ii) question any

witness called by the Committee or any other Participating Party, (iii) give an oral statement of its position, and (iv) require the attendance of the Contractor or any other Party having relevant evidence.

(g) Within fifteen (15) days after the end of the thirty (30) day period specified in section (e) above (whether or not a hearing is actually held), the Committee shall issue to each of the Participating Parties a written decision setting forth in reasonable detail its reasons and bases for the determination.

The written decision of the Committee shall be final and binding on the Parties. The failure of any Party to comply with the Committee's written decision may result in the action specified by the Committee (e.g., termination, suspension, etc.), if any, being taken on the date specified without further notice to the noncomplying Party. Under no circumstances shall a Party be entitled to seek Committee review of any issue, controversy or dispute more than once without the Committee's prior written consent.

6.2 Exception

Section 6.1 shall not apply to any dispute or controversy arising under Section 8.5.

Section 7. Administrative Procedures

7.1 Application

The procedures outlined in Section 7.2 shall apply only to proposals by the Committee to adopt:

- (a) changes in the charges for use of the Service or any rate schedule related thereto pursuant to Section 4.1;
- (b) changes in the number, nature or classification of Utility Groups;
- (c) amendments to this Agreement pursuant to Section 9.4; and
- (d) such other proposals as the Committee may determine to make subject to the procedures outlined in Section 7.2.

7.2 Procedures

Committee proposals to which this section applies shall not be finally adopted by the Committee except as follows:

- (a) The Committee shall send a written Notice of Proposal to each Party, which shall (i) describe the proposal in reasonable detail, (ii) notify the Party of its right to submit written comments on the proposal for a period of at least thirty (30) days from the date of the Notice of Proposal, (iii) notify the Party

of its right to request a hearing on the proposal before the Committee, and (iv) notify the Party that the proposal will be adopted and take effect, if at all, ninety (90) days from the date of the Notice of Proposal.

(b) Each Party shall have the right to submit written comments on the Committee proposal within thirty (30) days after the date of the Notice of Proposal.

(c) If requested by a Party in its written comments submitted pursuant to section (b) or on the Committee's own initiative, a hearing on the proposal will be held not earlier than forty (40) and not later than sixty (60) days after the date of the Notice of Proposal. In that event, the Committee shall send each Party a written Notice of Hearing not later than fifteen (15) days prior to the date scheduled for such hearing.

(d) At the hearing on the proposal before the Committee, if any, each Party shall be entitled to submit all relevant evidence and make an oral statement of its position on the proposal.

(e) The Committee may take final action on a proposal at any time after the end of the thirty (30) day comment period or, if a hearing is held, after the close of the hearing. The Committee shall notify each Party of any final action within one hundred twenty (120) days after the date of the Notice of Proposal.

Action taken on a proposal by the Committee pursuant to section (e) above shall be final and binding on the Parties and, unless otherwise specified by the Committee, shall take effect ninety (90) days after the date of the Notice of Proposal. Any action taken by the Committee pursuant to and in accordance with this Section 7 shall not be subject to review under Section 6.

Section 8. Relationship of the Parties

8.1 No Partnership

This Agreement shall not be interpreted or construed to create or evidence any partnership among the Parties or any one or more of them or to impose any partnership obligation or liability upon any Party. Except as specifically provided in Section 2.2, this Agreement does not authorize any Party to: act as an agent or other representative of any other Party, enter into any contract in the name or on behalf of any other Party, or incur any obligation or liability of any other Party.

8.2 The Contractor

The Contractor shall be and act as an independent contractor in the performance of the Service, not an agent or other representative of any Party.

8.3 No Third Party Beneficiaries

There are no third-party beneficiaries under this Agreement (other than the Committee members and alternates) or of the Service. This Agreement shall not be interpreted or construed to confer any right or remedy upon any Person (other than the Parties and the Committee members and alternates) or to relieve or release any Person (including, but not limited to, the Contractor) from any obligation or liability to any Party. Without limiting the generality of the foregoing, the Service is for the sole benefit of the Parties and not for the benefit of any other Person.

8.4 No Dedication of Facilities

This Agreement shall not be interpreted or construed to constitute or evidence any dedication of facilities owned or operated by any Party (or any portion thereof) to the public or to any other Party.

8.5 Several Obligations

The obligations and liabilities of each Party under this Agreement are several, not joint. No Party shall, by virtue of this Agreement, be responsible for the obligations, liabilities, acts or omissions of any other Party. Without limiting the generality of the foregoing:

(a) No Party shall be responsible for the charges and other amounts payable with respect to the Service provided to any other Party (except to the extent that the failure to pay such amounts is taken into account in an increase in the charges established by the Committee under Section 4.1 or the excess Common Costs allocated under Section 4.3).

(b) Each Party shall be solely responsible for its response to any request, received by such Party through the Service, for location of such Party's subsurface utility facilities.

(c) To the fullest extent permitted by applicable law, each Party ("First Party") shall defend, indemnify and hold harmless each other Party and each Committee member and alternate from any and all claims, losses, harm, liabilities, damages, costs and expenses (including, but not limited to, reasonable attorneys' fees) arising out of any actual or alleged negligence, act or, in the case of an actual or alleged duty to act, failure to act by the First Party in connection with the Service (including, but not limited to, the First Party's response or failure to respond to a request, received by the First Party through the Service, for the location of the First Party's subsurface utility facilities). However, the foregoing shall not require the First Party to defend, indemnify or hold harmless any Person from any claim, loss, harm, liability, damage, cost or expense to the extent caused by any actual negligence, act or, in the case of a duty to act, failure to act by such Person. Without limiting the generality of the foregoing, the

obligations of the First Party under this section shall apply to any claim of an employee or former employee of the First Party against any other Party. In connection with any action to enforce the provisions of this section, the First Party expressly waives any defense, immunity or limitation (e.g., on the type or amount of damages, compensation, benefits or liability payable by the First Party) that might otherwise be afforded under any industrial insurance, workers' compensation, disability benefit or similar statute, regulation, rule or order of any governmental authority having jurisdiction (including, but not limited to, the Washington Industrial Insurance Act, Title 51 of the Revised Code of Washington). Although the foregoing waiver may apply to a claim of an employee or former employee of the First Party against any other Party, it shall not be interpreted or construed to apply to any claim of any employee or former employee against his or her own employer or former employer.

8.6 Tax Exempt Status

The Parties intend that any organization created or evidenced by this Agreement shall constitute an organization exempt from federal income taxes pursuant to Section 501 of the Internal Revenue Code of 1954, as amended, or any other statute, regulation, rule or order of similar import. The Committee is authorized to take any and all action (including, but not limited to, the preparation, filing and prosecution of an application of recognition of exemption under Section 501 of the Internal Revenue Code of 1954, as amended, or any other statute, regulation, rule or order of similar import) which it deems appropriate or advisable to carry out or implement such intent.

Section 9. Miscellaneous

9.1 Excused Performance

No Party shall be considered to be in default in the performance of any of its obligations under this Agreement (other than any obligations to pay money) on account of any delay or failure to perform caused by Uncontrollable Forces. Any Party delaying or failing to perform any of its obligations under this Agreement on account of any Uncontrollable Forces shall use its best efforts to promptly cure such delay or failure. If any delay or failure to perform caused by Uncontrollable Forces affects any requirement of this Agreement, such requirement shall be equitably adjusted to reflect such delay or failure.

9.2 Communications

9.2.1 Directed to a Party

Any notice, request, designation, direction, statement or other communication directed to a Party under this Agreement shall be in writing and shall be delivered in person or mailed, properly addressed and stamped with the required postage, to such address as the intended recipient shall specify in its Subscription Agreement. Any Party

may change its address for communications under this section by giving the Committee notice of such change in accordance with Section 9.2.2.

9.2.2 Directed to the Committee

Any notice, request, designation, direction, statement or other communication directed to the Committee under this Agreement shall be in writing and shall be delivered in person or mailed, properly addressed and stamped with the required postage, to the attention of the "Operating Committee Chair" at the One-Call Office. The Committee may change its address for communications under this section by giving the Parties notice of such change in accordance with Section 9.2.1.

9.3 Entire Agreement

This Agreement sets forth the entire agreement among the Parties and supersedes any and all prior agreements with regard to the Service.

9.4 Amendment

This Agreement may be amended from time to time, in whole or in part, by the Committee in accordance with the procedures set forth in Section 7.

9.5 Implementation

Each Party shall take such reasonable action (including, but not limited to, the execution, acknowledgment and delivery of documents) as may be requested by the Committee for the implementation or continuing performance of this Agreement.

9.6 Nonwaiver

The failure of any Party to insist upon or enforce strict performance of any provision of this Agreement or to exercise any right or remedy under this Agreement shall not be construed as a waiver or relinquishment to any extent of its right to assert or rely upon any such provision, right or remedy in that or any other instance; rather, the same shall be and remain in full force and effect.

9.7 Severability

The invalidity or unenforceability of any provision of this Agreement shall not affect the other provisions hereof, and this Agreement shall be construed in all respects as if such invalid or unenforceable provisions were omitted.

9.8 Headings

The headings of sections, subsections and sections of this Agreement are for convenience of reference only and are not intended to restrict, affect or be of any weight

in the interpretation or construction of the provisions of such sections, subsections or sections.

9.9 Governing Law

This Agreement shall be interpreted, construed and enforced in all respects in accordance with the laws of the State of Washington.

9.10 Forum Selection

No Party shall commence or prosecute any claim, proceeding, suit or legal action to enforce this Agreement, to recover damages for breach of or default under this Agreement or otherwise arising under or by virtue of this Agreement, other than in the courts of the State of Washington or the District Court of the United States, Western District, State of Washington. Each Party hereby irrevocably consents to the jurisdiction of the courts of the State of Washington with venue laid in King County and of the District Court of the United States, Western Division, State of Washington.

9.11 Successors and Assigns

This Agreement shall be fully binding upon, inure to the benefit of and be enforceable by each Party and its successors and assigns. No assignment of any right or interest in this Agreement (whether by contract, operation of law or otherwise) shall release or relieve any Party of any of its obligations or liabilities under this Agreement.

9.12 Disposition of Assets at the End of the Term

Any and all funds or other assets in the control of the Committee at the end of the Term shall be applied:

- (a) first, to the payment of Common Costs;
- (b) second, to the establishment of such reserves, the purchase of such insurance and the making of such other provisions as the Committee may specify for the protection against obligations, liabilities or contingencies that may arise under or by virtue of this Agreement; and
- (c) finally, as the Committee may direct, provided that the Committee shall not direct any such application that may jeopardize the tax exempt status of the organization of the Parties under this Agreement pursuant to Section 501 of the Internal Revenue Code of 1954, as amended, or any other statute, regulation, rule or order of similar import.

9.13 Effective Date

This Amended and Restated Master Agreement for the Northwest One-Call Subsurface Warning System shall be effective as of January 5, 2012.
